Summary

IT Graduate with strong skills in Java, Spring Boot, SQL, and web development. Knowledge of OOP, DSA, DBMS, RESTful APIs, and database-driven application development. Built projects using Java, Spring Boot, MySQL, HTML, CSS, and JavaScript. Seeking an entry-level Software Developer role to apply technical skills and contribute to real-world projects.

Technical Skills

Programming Languages: Java, Python, SQL, JavaScript
Web Technologies: HTML, CSS, Bootstrap, React
Core Concepts: OOP, DBMS, Cloud Fundamentals
Tools & Platforms: GitHub, HackerRank, CodeChef
AI Technologies: Generative AI (GenAI), Google Gemini API

Education

Technocrats Institute of Technology, Bhopal 2026
B.Tech in Information Technology 7.64/10

JD Public School, Chapra, Bihar 2022
Senior Secondary (Class XII) 72.6%

Holy Kids International School, Chapra, Bihar 2020
Secondary (Class X) 72.8%

Projects & Practical Experience

Food Retail Management System (Java & Spring Boot) GitHub | Live Link

- Developed a web-based Food Retail Management System using Java 21 and Spring Boot.
- Implemented product management and CRUD operations using Spring Data JPA and MySQL.
- Designed RESTful APIs for efficient management of food products and retail operations.

AI Quiz Generator (Python • Flask • Gemini API) GitHub | Live Link

- Developed a Generative AI-based web application using Python and Flask to generate quizzes on user-provided topics.
- Integrated the Google Gemini API to generate topic-based multiple-choice questions with answer options.
- Designed a simple and interactive web interface to help users practice quizzes on different subjects.

Smart File Organizer (Python • File Handling • Automation) GitHub | Live Link

- Developed a Python-based application to automatically organize files into categories such as Images, Documents, Audio, Videos, and Archives.
- Implemented file handling and categorization logic to simplify file management and reduce manual effort.
- Built a web interface using Flask, HTML, CSS, and JavaScript for easy file upload and organization.

Certifications

- Microsoft Certified: Azure Fundamentals (AZ-900)
- ServiceNow System Administration

Achievements

- Solved 500+ coding problems on CodeChef.
- Earned CodeChef badges: 1 Gold, 1 Silver.
